NEED FOR POSITIVE TEACHER-STUDENT RELATIONSHIP

Digital enhancement of TIME and SPACE for:

- Non-course related interactions
- Link to the real classroom environment
- Course related interactions

Benefits and limitations. Summary and Conclusions.
„Belongingness appears to have strong effects on emotional patterns and on cognitive processes.”

Baumeister and Leary, 1995
"It is teachers who have created positive teacher-student relationships that are more likely to have the above average effects on student achievement."
