ADMINISTRATION

During the InfoDays you will have to fulfill the administrative tasks listed below – but don't panic: We will help you! At the beginning, we will divide you into different groups depending on the documents you require. You will receive a colored sheet of paper (the so called "Laufzettel"). The color of the « Laufzettel » indicates which group you belong to.

Ready, set—GO!

TASK 2: HEALTH INSURANCE – CONFIRMATION AND ADVICE

In order to be enrolled, you will need a confirmation (printed out and in English!) that your home health insurance is sufficient and valid for your stay in Germany.

During the InfoDays your health insurance will be checked by the local health insurance companies and you will then receive the document required for your enrollment.

If your own health insurance doesn´t meet the requirements, you will receive advice as to what to do. You can then take out health insurance on the spot during the InfoDays.

DAY 1 - 2.10.18

TASK 1: PAYING THE STUDENT SEMESTER FEE

If you are an EU-student from a country that uses the EURO as their currency then you should have already transferred the student semester fee by now!

For non-EU students or EU students from countries that don't use the EURO as their currency, you will have the opportunity to pay it in cash on the first day of the InfoDays.

Please look at the instructions in the tutorial section.

NO PASSPORT PICTURE?

No need to worry. You can take one at lunch time in the photo booth in the Zentralmensa!
(see map no. 13)

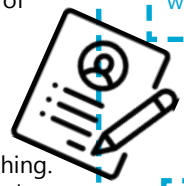
TASK 3: ENROLLMENT – STUDENT ID/TICKET AND STUDENT ACCOUNT

You will be enrolled during the InfoDays on the **02.10.2018**.
Please check the color of your group to know in which time slot.

You will need the following 5 documents:

- ✓ Letter of Admission (Zulassungsbescheid) of Mainz University
- ✓ Confirmation of health insurance issued by a German health insurance company (you will receive this during the InfoDays)
- ✓ Bank receipt for the payment of the semester fee
- ✓ 1 passport photo
- ✓ Your passport or ID-card

Please make sure to bring everything. Only then can you be enrolled and receive your **student ticket (student ID) which allows you to use public transport for free** and your log-in data (PUK) for your student account.



PRINT OUT OF CERTIFICATE OF ENROLLMENT

If you need a certificate of enrollment (e.g. to submit to agencies, offices or your home university to prove that you are enrolled at Johannes Gutenberg University Mainz) you can print it out by yourself. Please check the tutorial section of the guide.

TASK 4: INTERNET & STUDENT ACCOUNT

Once enrolled, you will also receive your Log-In-Data (PUK) for your student account which will enable you to use Wi-Fi on campus.

You can activate your account under https://account.uni-mainz.de/Passwort/ActivateAccount

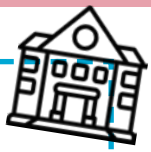
Please find an instruction in the Tutorial Section of the Guide.

However, if your university is part of the **Eduroam network** you will also be able to use Eduroam prior to being enrolled. Further information: www.eduroam.org/

TASK 5: VISA INFORMATION

During the InfoDays you will also have the opportunity to receive some advice on VISA matters if needed. If you cannot make it to the InfoDays, you can contact the GIS Services.

Here you will find some useful information: www.international-office.uni-mainz.de/exchange/visa/



DAY 2 - 4.10.18

TASK 6: : REGISTRATION AT BÜRGERAMT MAINZ

Every citizen of Mainz has to register at the Bürgeramt/Registration Office Mainz. There you will receive your "Anmeldebestätigung" (confirmation of registration) which you will need for different bureaucratic matters (e.g. if you are thinking of opening a bank account - see Task 10 - or borrowing books from a public library).

During the InfoDays we will provide you with the registration form. If you cannot make it to the InfoDays please check the information on JoGuGATE or contact the GIS Services.

You can go to the Bürgeramt individually or in a group but remember to arrange an appointment beforehand. You can find out how to make an appointment in the tutorial section.

TASK 8: SIGNING RENTAL CONTRACT (DORMITORIES OF STUDIERENDENWERK)

This only applies to those who have rented a room in the dormitories run by the Studierendenwerk:
The signing of your rental contracts will also take place in groups on the **4th of October.**
Please check your color to know what time you have to be at the meeting point (Campus, Staudinger Weg 21).

Also remember to bring enough cash for the deposit and rent if you haven´t transferred it already!

TASK 7: LICENCE FEE

Everyone living in Germany is obligated to pay the so called "Rundfunkgebühr". This fee finances the public service media. It costs EUR 17.50 per flat per month.

If you have your own room in a dormitory, you have to register yourself. If you share a flat, only one person has to register and you can share the costs.
You can learn how to register in the guide's tutorial section.

If you have a problem registering for your dormitory, the team of the Studierendenwerk can help you.

TASK 9: STUDENT CARD/ "STUDICARD" – CASHLESS PAYMENT, PRINTER AND LIBRARY USE

The Studicard will enable you to pay without cash in the Mensa and most other cafeterias. You will also need it for using printers and photocopiers on campus.

It is available in **two versions:**

The **simple version** of the Studicard allows you to use the services named above.
(The keycard you get from the Studierendenwerk (exept for the dormitories in Hechtsheim and Weisenau) belongs to this type.)

If you also want to borrow media from the libraries on campus you will need the **combined version** of the Studicard.

Please find information on how obtain the Studicard and how to use it in the tutorial section of the guide.

TASK 10: BANK ACCOUNT - OPTIONAL

It is not obligatory to open a bank account. However it can be useful, especially if you are a non-EU student who has to pay high transfer fees. There are several banks in Mainz. If you are interested in opening a bank account please contact us and we will provide you with further information.

Administration DONE! Now the fun part ☺

STEP 2: PERSONAL CONSULTATION WITH YOUR ACADEMIC ADVISOR

a) Check the list of academic advisors (see links on previous page). Choose the relevant person and go to see him/her during the office hours or arrange an appointment.

b) He/she will advise you and confirm your choice by signature.

He/she can either register you directly or tell you how to proceed with the registration.

c) Repeat the whole process for every subject in which you would like to attend classes.

Please note: Your registration is binding and cannot be changed once you have submitted the form!

Ideally, you should register for the courses by the end of the first week of lectures ~19.10.

REGISTRATION FOR EXAMINATION

There is no general rule for exam registrations (except for students of Law & Economics - see page 20).
In each course, you have to ask your teacher which regulations apply to you. Usually, exams are taken at the end of the lecture period.

Sometimes you have to write a term paper, which has to be handed in several weeks after the lecture period has ended. Please consider this when planning your departure!

TYPES OF EXAMS

There are four different types of exams depending on the classes you take:

WRITTEN EXAM ("KLAUSUR")	WRITTEN TERM PAPER ("SCHRIFTLICHE HAUSARBEIT")
Usually written at the end of the semester in one of the last sessions.	After consultation with your teacher you choose a topic connected to your class to write a term paper on.
ORAL EXAM ("MÜNDLICHE PRÜFUNG")	PRESENTATION ("REFERAT")
An examination, in the form of a discussion between you and your examiner, about a certain academic subject or area.	The teacher assigns a topic that is relevant to the course. You have to prepare an oral report, either alone or in a group. Presentations are usually held during the semester in one of the class sessions.

FINDING LITERATURE IN LIBRARIES AND ONLINE-SEARCH CATALOGUE

On campus you will find a wide variety of libraries.
Except for medical and psychological department libraries, all other departments are represented on the campus.

Here you find an overview of all libraries and their addresses:

https://www.ub-eng.uni-mainz.de/library-system/
See also the campus map in the middle of the guide for the exact locations.

If you are interested in a **guided tour** you can visit:
https://www.ub.uni-mainz.de/fuehrungen/

In the **Online Search Catalogue** ("Rechercheportal") you can check out where to find certain books and browse through the huge digital offer of literature:
https://hds.hebis.de/ubmz/index.php

In most of the libraries you also find **computer pools** where you have the opportunity to **scan** and **print** out literature.

For borrowing books, printing and scanning you need your Studicard with the function of a library card (combined version of Studicard)

Please see the tutorial section, page 34, for more information.

BORROWING AND RETURNING BOOKS

Please note: In most libraries it is not allowed to take books home or just overnight or over a weekend. The exception is e.g. the University Library (UB). There you can borrow books for up to 4 weeks. To borrow books there you can use the book scanners at the entrance of the "Lehrbuchsammlung". You put your Studicard/libarary card in the slot and enter your PIN of the library card
(your date of birth in the format dd/mm/yy).
